Ms. Judy Valenti
Center State Artists

Dear Ms. Valenti:

On Tuesday, December 8, 2015, Mark209 performed for the Maple Leaf Community Concert Series in Monmouth, Illinois to an enthusiastic and appreciative audience.

The four gentlemen of Mark209 provided a concert entitled "Christmas from the Heart of Nashville" that put everyone in the Christmas spirit. The four-part harmonies were excellent and well-balanced. The song selections were very good and enjoyed by an audience ranging in ages. The gentlemen connected with the audience in humor and seriousness; making the evening one of laughter and reflection in celebration of the season.

Not only are Mark209 accomplished musicians, they are good people and easy with which to work. They worked with the college students (helping with sound and lighting) displaying both great patience and a willingness to help the students understand and provide the necessary sound and lighting for the concert.

We would highly recommend Mark209 to any concert series looking for an enjoyable evening of great music, good energy and a happy and pleased audience.

Sincerely,

Maple Leaf Community Concert Series

Stan Jenks, Chair
Artist Selection Committee
