

In Motor City "The Motown Revue,"

We are dedicated to the authenticity of the music that changed a nation. Whether you are reliving this era of your life or visiting it for the first time, we guarantee a performance to remember. Our goal in "Motor City" is to bring back great memories and educate the audience about the music they hear everywhere. Whether in an elevator, shopping in a store, watching a commercial break in your daily program, or enjoying a movie, you are bound to hear a song from the Motown catalog.

If Berry Gordy could accomplish so much with so little, Motor City is honored to share his gift to the world. We give you 8 of his greatest artists in one night! From the Supremes to the Temptations! From Marvin Gaye and Tammy Terrell to Smokey Robinson and the Miracles to name a few! "MUSIC THAT SHOOK A NATION, THE MAGIC OF MOTOWN!!!"
